

SERVICE AT TREE
NEXT WEDNESDAY

Woman's Club Civic Department
Presents Plans for Christmas
Event.

MARQUET SQUARE TO BE SCENE

Expected That School Children Will
Give Carols in Which Public
Will Assist.

The Rock Island community Christmas tree project has received the support of the public spirited people of the city and the committee from the civic department of the Rock Island Woman's Club has been given excellent help along all lines.

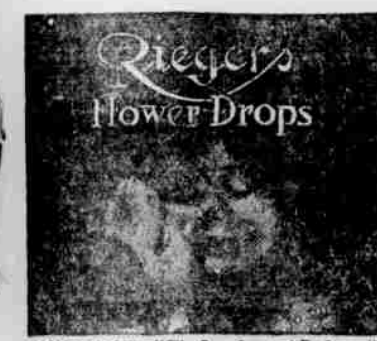

The tree has been donated by the Elks, as previously announced, electricians of the city have donated their help in wiring the tree, bright discs have been given with which to trim and the labor of placing the tree will likewise be donated.

The committee has planned that services about the tree shall be held but one evening and that will be Wednesday, Dec. 22, at 5 o'clock. It is expected that the school children will sing Christmas songs and the company that gathers to participate will sing Christmas carols.

In Center of Square.

The services are to be held at 5 o'clock in order that the people who are on the downtown streets shopping may have an opportunity to take part without necessitating their return in the business section after having gone to their homes.

The tree will be placed in the center of Market square where formerly stood the old scale house.

MON AMOUR—"The Sweetheart of Perfumes."

You Have
Another Chance

The success last Saturday of our distribution through the stores named below of our regular 25c novelty Trial Bottles of Rieger's new Flower Drops perfume for 10c was sensational. On account of the remarkable interest shown by the ladies, we have extended our special introductory offer. You have another chance tomorrow to get one of these.

**25c Trial Bottles
Special 10c**

Yes, this is the new, superior kind of perfume that all your friends are talking about. The perfume that is different, wonderfully lasting—retaining all the sweet, delicate fragrance of the real flowers. Subtle, seductive and appealing. Not like the ordinary perfumes you are familiar with but different from anything you ever have seen before.

**Rieger's
Flower Drops**

**Perfume
\$1.00 per ounce
Any quantity desired**

Remember, this special offer of a novelty trial bottle for only 10c has never been made before and is confined to the ladies of this vicinity. Take advantage of it tomorrow!

A CHILD THAT MIGHT
BE FORGOT

The call of the season's sounding
The day of the flowing heart,
And with spirits high and bounding
We swing through the glowing
mart.

The claims of those that are nearest
Make happy, indeed, our lot;
But a thought, for the sake of our
dearest,
Of a child that might be forgot.

The creed of the hour is singing
The song of the broadest love,
Its notes it is nobly flinging
To the far white throne above;
But a magic morn of December
Will grave a holier spot,
If we in our joy remember
A child that might be forgot.

Greener the green of our holly,
Brighter our spangled tree,
If only a simply dolly
Sits on a little one's knee.
And whoever has charge of the audit
To our credit will enter a lot
And will pause long enough to ap-
plaud it
That the child just wasn't forgot.
BART HOWARD.

COLLEGE STUDENTS
LEAVING FOR HOMES

The fall term of the school year of
Augustana college ended yesterday
afternoon. Today students were leaving
on east and west bound trains for their
homes, where they will spend their
holiday vacation. The spring term
will open Jan. 5, but registration will
be started two days in advance.

The Augustana publications made
their appearance yesterday, the "bigger
Augustana" issue of the Observer and
the Bulletin, which was a conservative
number. For a bigger and better Augustana
was the central thought of the
Observer, and a feature was made of
the possibilities of the future. A view
of Augustana in 1950 is the front-
piece and naught but an optimist can
truly appreciate the scene. Railroad
avenue is the location of three mag-
nificent buildings used for dormitory
purposes. The college and Denkmann
library are made more beautiful by
the addition of a new ladies' hall and
the new \$25,000 gymnasium on the site
of the present inadequate home of
sports. The scene of outdoor activi-
ties on the gridiron, diamond and
track is a huge natural bowl located
in the ravine directly back of the gym.
On the summit of Zion hill is the col-
lege observatory and the chemistry
and laboratory buildings are on the
north side of Seventh avenue. A beau-
tiful campus enhances the scene in the
plot between Fifth and Seventh ave-
nues. Such is the idea, and once ac-
complished would indeed be a won-
derful asset of Rock Island.

Battle of the Herring.

The battle of the herring was the
comical name given to a fight between
an English force and a French detach-
ment not far from Orleans in 1429.
The English were conveying a large
quantity of supplies, mainly herring,
for it was Lent, to the army that was
besieging Orleans. The English had

1,600 men, the French 6,000. The for-
mer repulsed the assailants and saved
the herring, so the battle was
named in honor of the supplies.—Lon-

As
sure to rise
as the Sun

You can't always make everything "just so." Sometimes you will
get in more shortening than usual; or make the batter a little thin; or
it may not be convenient to put a cake in the oven the moment it is
mixed; or your oven may not bake evenly and it is necessary to turn
the pan around—none of these little uncertainties make the slightest
difference in results if you use

KG BAKING POWDER

This modern, double-raise baking powder has unusual strength and
is absolutely certain to raise your biscuits, cakes and pastry light and
tender. It generates an abundance of leavening gas both in the mix-
ing bowl and in the oven. The raising is sustained until the dough is
cooked through.

Housewives who use KG never have "bad luck" with their baking.
Try KG at our risk. Your grocer will refund your money if you are
not pleased in every way.
